

Greetings,

Today is a sad day for MG enthusiasts. Tom Boscarino was a great friend of everyone who knew him; and, all will have a heavy heart at the news of his passing.

I am very sad to inform you of the passing of our founder, member #1, Tom Boscarino, following an extended illness. He died peacefully at home with his wife Arlene at his side on December 18, 2016. Tom is very well known to MG enthusiasts as the founder of the American MGC Register and its Chairman for its first 20 years, now in its thirty-seventh year. He created our MGC Register's '*C*' event of *Brutal Aggressives*, which he named after an MGC reviewer's and author's description in his MG book. Tom attended the event every year for 34 years, until he became too ill to travel. In 1992, he took the members and their MGCs to England for the 25th anniversary celebration of the MGC's creation.

He has also been involved in the New England MG T Register, NACMGR, NAMGBR and AMGBR. He was a key organizer and founder of the North American Council of MG Registers. A memorial service will be scheduled after the new year.

Cards of condolence may be sent to:

Arlene Boscarino  
3697 Anslow Drive  
Leland, NC 26451
