

A Tale of Two Cities Celebrating the 50th

Quite unfortunately, the grand fun of CBA 37, in Abingdon, not the other city, to celebrate the 50th birthday of Abingdon's, the other city, Grand Tourer, the MGC, is at an end. This annual meeting of those friends, members and enthusiasts, was held in honor of Tom Boscarino, who founded our American MGC Register and who was a lead creator of the North American Council of MG Registers.

The *'C' event of Brutal Aggressives (CBA)* was truly so very special for all. Arlene Boscarino was recognized for her 37 years of loving and untiring commitment to AMGCR and to Tom, when the AMGCR's Founder's Award, its highest honor, was bestowed upon her at the grand banquet.

Our Host Charles Clemmer and he, Jean Ann and their children and grandchildren at Hungry Mother State Park with their primrose MGC GT.
