

It's MGC grand touring time. Let's go to Petersburg, Virginia,

American MGC Register Association
'C' event of
Brutal Aggressives
MK XXXXI
June 3-6, 2021

In association with Moss Motors' Cars & Coffee 2021, Petersburg, Virginia

for *Cars and Coffee* at Moss Motors. While there, let's join the British Sports Car Hall of Fame's celebration and induction ceremonies in the Hall of Fame, as a few greats are applauded and remembered for their extraordinary contributions to us.

On Friday evening, the Hall of Fame will offer us a reception at six o'clock at a steak and seafood restaurant close by the Moss Motors facility. Moss Motors will perk the coffee and lay out the treats beginning at eight Saturday morning. Tours of its operation, the Coventry Foundation's museum and archives & the British Sports Car Hall of Fame will continue until three in the afternoon. Prizes and raffles will be given. At eleven am, the Hall of Fame's ceremony will commence. AMGCRA's Tom Boscarino will be honored. A wonderful day.

During Saturday afternoon, we will show our MGCs on the Moss Motors grounds for awards. Saturday evening we will enjoy a dinner together in our usual fashion of introductions of members and business, presentation of awards and, perhaps, an auction, before we adjourn to the hospitality room. Sunday morning are all goodbyes 'til.

Petersburg has an enormous Civil War history. Settled before 1645, it grew after Fort Henry was built and it was chartered as a city in 1784. It became a transportation hub and industrial center before the civil war. Today it's populated by around 32,000 people. It has many delights to see and experience. Among them is the Blandford Church and Cemetery, where the windows are all priceless Tiffany stained glass made in 1910-12 by him; and, the huge cemetery is filled with marvelous sculpture. A search on the internet in advance of the visit will serve well.
