

# Coordination Director's Message

*YES! I have spent a lot of print inches in this 'C' Notes on our new CBA adventure on the Blue Ridge Parkway in 2025. It is going to be a tour that is unforgettable. I'm excited already. Those of us who have been there haven't "done that yet" because there is too much beauty and adventure on and near the Parkway to ever come close to experiencing all.*

*We are planning an unusual 'C' event of Brutal Aggressives. It will not be the traditional one-city-area, a car show and a good-bye breakfast at our host hotel. This CBA will be a road rally with sights and adventures tour, with three hotel nights together and a goodbye breakfast in the last oasis. There will be plans and opportunities to share the Parkway and its offerings; but, each tourer will be on his, her own to plan to stop and go when and where one likes. However, we will join at three dinner, hospitality and rest oasises in Asheville,*

*Post 294 and in Mount Airy, Mile good-bye breakfast. We expect about the Parkway before and CBA, as you will learn, Parkway Directory and Travel must have resource.*

*Mile Post 382, in Blowing Rock, Mile Post 200, with dinner and our that you'll continue your tour after we join and depart the particularly in the Blue Ridge Planner. It is free and is a Please order one now at*

*[www.blueridgeparkway.org](http://www.blueridgeparkway.org)*

*filled with maps and a tremendous trip easy and enjoyable. With roughly speed limit, between nightly stops, you'll love the time and freedom to see the sights and make great stops and side-trips along the way. You'll find too much to do and see. E'nuff said today. In the Winter/Spring 'C' Notes in April, thorough information, the registration form and the hotel details will be published. In the mean-time, please tell us whether you wish or will join us for this CBA. We must make hotel and restaurant plans well in advance, particularly, since the Parkway tourest season will be in full bloom and reservations and demands upon the resources that we need may be scarce later.*

*The last edition is 100 pages,*

*effort of information to make your two hours drive time, at the 45 mph*

*LOIS and DAVID GRIBLER hosted and gave us the gift of a marvelous CBA. Not enough thanks can be said to tell them how well we were in their care Thank you.*

*Happy Thanksgiving and Merry Christmas to all. We are thankful for all of you\_\_our family of MGC Register friends. Cheers.*

*Cheers and Happiest of Days to All + 'C' you on the B R Parkway in '25*
