

American MGC Register

The American MGC Register was founded in 1980 by Tom Boscarino, to enable owners of the MGC to be in contact with and in support of each other. This purpose was accomplished through his regular newsletter 'C' Notes, window decals and regalia offered for sale, and an annual meeting.

A goal of the AMGCRA is to maintain an opportunity for MGC owners and members to be involved together in communications and community with each other in enjoying their MGCs and friends. The Association shall continue to endeavor to maintain archival information which identifies MGCs and their owners' history, including their original membership numbers. An objective of this register is to secure and share information for the maintenance, repair, restoration, modification and overall enjoyment of the MGC and to aid in the location and preservation of spare parts and cars for purchase or restoration. Where possible, parts, literature and manuals may be obtained for members.

In the 'C' Notes newsletter members are provided free classified ads for the advertisement of parts, cars, wanted items, literature, and other MG items of interest. A limited number of commercial ads are presented from businesses that have products or services that may be helpful to the MGC owner. All inquiries are very welcome.

Since 1981, the AMGCRA has held an annual national meet known as *The 'C'event of Brutal Aggressives*, or "CBA." It is hosted by a local member or held in combination with another register; or, in conjunction with the North American Council of MG Registers, every five years. Any member interested in hosting a CBA should contact the Register's Coordination Director.

Membership dues are \$30 a year (\$40 outside the USA), which entitles members to quarterly issues of the newsletter, as well as window decals and regalia offered for sale. Membership is annual and renewals are due before December 31st for the following year. ♦
