Appropriately Lettered M.G. Registrations

[64518.]—In letter [64432] Mr. Angus McDermid refers to the constant reappearance of the registration letters MG. I should like to refer to registration letters UMG and enquire whether these letters have ever been seen on any car other than fairly recent M.G.s, supplied through the London distributors for that make, whose name, as most people know, has the initial letter U.

The frequency with which this combination appears in the London area suggests that this is not coincidence and it would, I am sure, prove interesting to readers to know how it is arranged.

As the fortunate owner of UMG 424 (a $1\frac{1}{4}$ -litre saloon), I should like to congratulate whoever is responsible for providing so many of these most attractive cars with such appropriate labels.
