

MGs *on PARADE*

M.G. SALOONS swept the board in Class 1 (touring cars up to 1300 c.c.) of the R.A.C. Coronation Rally at the end of March.

J. L. Shaw was the outright winner in this class and finished sixth in the whole event, whilst R. E. Holt took second and fifteenth places respectively. A further M.G. "Y" Saloon occupied third place. The first two were members of a team entered with a novel means of identification, army stripes being painted on the wings to represent a sergeant, a corporal, and a lance-corporal. The cars were identical in every way and even had consecutive registration numbers.

The car that didn't get a place? The sergeant, if you please!
