

The Pucklechurch Gymkhana

Sunday July 13th 2008

STOP PRESS!!!!

It is with regret and some sadness that I have to inform you all that the famous Pucklechurch gymkhana has run it's last!

The land is being turned into a 9 hole golf course and driving range. Whilst this I am sure is good news for the golfing fraternity is less so for us petrol heads.

I have been trying with the owners to find an alternate field on their land but this has not been possible due to other commitments for the land.

I would like to thank Ian, Bob and Lynette who have lent us a field for a good number of years and wish them well in their new venture.

Jon Pittard.
